ISN'T IT TIME YOU TOOK A FEW STEPS UP THE LADDER?

Headed up by Danny Martin, a Platinum Course Director since its inception in 2000 and with 15 years of running IDCs, Aquaventures treats you as an individual, tailoring your course to suit your needs, abilities, and ambitions. The honour of 'Platinum' status is only awarded to those Course Directors who demonstrate the highest level of pass rate and continuing career success for their candidates. By March of this year PADI had already congratulated Danny on attaining Platinum status once again, noting that this made him one of only fifty or so such Course Directors on the planet, and one of a select group to have achieved this status every year since its inception.

The IDC (Instructor Development Course) is an intensive introduction to one of the most exciting industries in the world and Aquaventures does more than ensure you pass your exams, it also aims to explain how to get the most of the different career paths open to instructors. In Southern Africa, Aquaventures places more candidates in careers through resorts or dive schools than all the other instructor centres' combined.

Partnered with industry leading IDC and CDC Padi dive operations, Aquaventures in 2015 offers the first Platinum fully inclusive IDC Package. This is the best value for money package.

At any given time, there are more positions available for PADI Leaders than there are professionals to fill them. Let us explain the options and help you to find your dream job.

DON'T MISS THE CHANCE OF TRAINING WITH A FACILITY WITH INTERNATIONAL DIVE BASES, WHO CAN TAKE YOU INTO THE FUTURE.

The background image shows the silhouettes of three people on a boat. In the foreground, a diver is leaning over the side, adjusting their mask. Behind them, another person stands with hands on hips, and a third person is partially visible on the right. The scene is set against a clear blue sky and the ocean surface.

Training and Certification Overview

The PADI instructor Development Course (IDC) is the heart of the instructor training process. During the IDC, you will apply your diving skills and knowledge to learn to teach the PADI system in the Classroom, Confined Water (Pool) and in Open Water. Daniel Martin, a PADI Course Director for the past 13 years, is a highly experienced Instructor Trainer who has met strict educational proficiency requirements and conducts all IDC's.

Daniel is the only South African Platinum CD to have registered over 300 instructor certifications in 2007, 2008, 2009, 2010, 2011, 2012, 2013 and 2014 and to have been awarded platinum status annually since its inception.

The PADI Instructor Development Course (IDC) consists of 2 training phases The Assistant Instructor (AI) Program and the Open Water Scuba Instructor (OWSI) Program.

The IDC is then followed by a two day Instructor Examination (IE), conducted by PADI Worldwide.

This all comes together with the PADI Specialty instructor training. Completion of the training phase may be met by taking either an Instructor Development Course (AI) plus (OWSI), or by completing the programs individually as it suits you.

However, it is highly recommended that you complete the IE as soon as viable after the OWSI program.

THE PADI INSTRUCTOR EXAMINATION (IE) IS THE EVALUATION PHASE OF THE PADI IDC AND ARE RUN BY PADI OFFICE STAFF.

CANDIDATES WHO HAVE SUCCESSFULLY COMPLETED AN IDC, ENROL IN A PADI IE (INDEPENDENT EXAM).

Prerequisites

To enroll in an IDC, an individual must:

Be at least 18 years of age.

Be a current Divemaster member in good standing with PADI or another recreational diver training organization for at least 6 months.

Submit medical clearance for diving signed by a physician, attesting to fitness to dive. The medical clearance must be current within the previous 12 months. The physician signing the medical clearance cannot be the applicant. The doctors letter must state "fit to Dive"

Have been a certified diver (OPW) for at least 6 months and have completed and logged at least 60 dives. (As documented in your own logbook.)

Note. To attend an Instructor Examination (IE), the instructor candidate must have been a certified diver (openwater or equivalent) for at least 6 months and have logged at least 100 logged dives.

Submit proof of Instructor CPR and 1st Aid training within the past 24 months. Preferably the PADI EFRI course.

Divers from other Scuba Training Organizations are required:

Submit documentation of any equivalent certifications for entry level advanced and rescue certifications issued by another recreational diver training organization. If submitting an equivalent rescue diver certification, also include copies of first aid training documentation.

PADI DIVEMASTERS OR PADI ASSISTANT INSTRUCTORS AND QUALIFIED
DIVEMASTERS FROM OTHER RECREATIONAL SCUBA-TRAINING AGENCIES MAY
ENROL IN A PADI IDC.

FIRST AID COURSES FOR SCUBA DIVERS

Whether it is being on the scene of an accident or witnessing a health-related emergency, most people will be involved in a crisis situation at some point in their lives. Are you prepared to help? Do you have the skills to respond quickly?

Developed by medical experts, DAN's courses are easy to understand and designed to provide you with the skills and confidence you need to respond in emergency situations. DAN first aid courses prepare divers to manage injuries related to scuba diving. All courses meet the 2010 ILCOR and AHA CPR guidelines. The training can also extend to other environments. Isn't it worth a few hours one evening or weekend to learn the skills that could save a life?

COURSES

Diver Education

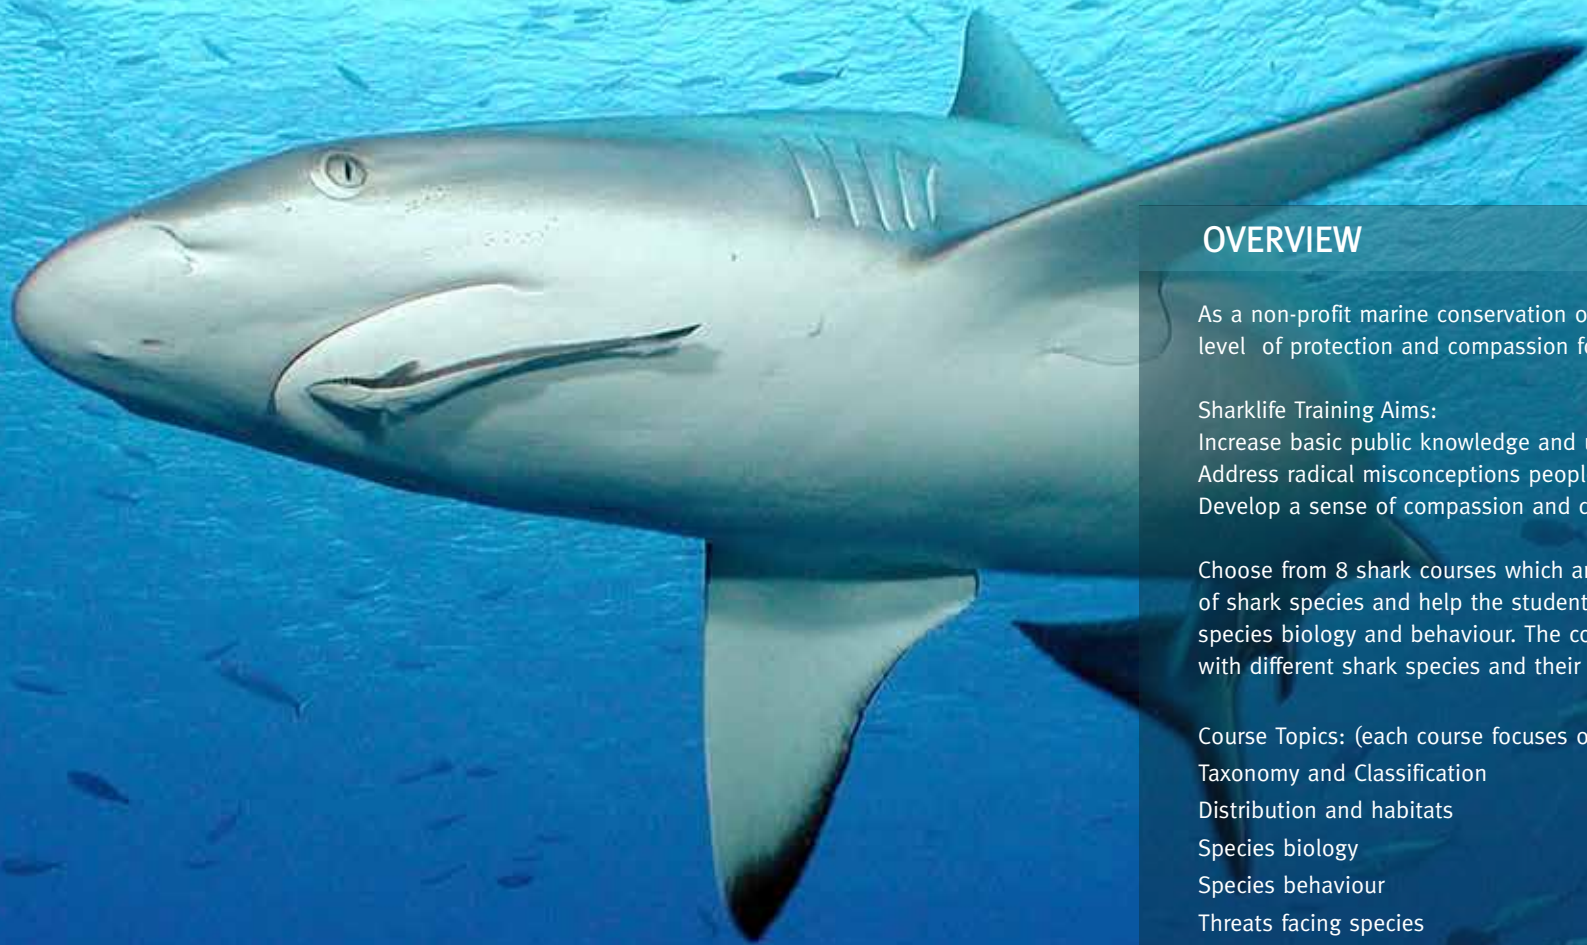

The first step in being prepared to handle a diving emergency is education. DAN courses teach you the first aid steps to care for an injured diver and interact with medical professionals.

Health-Care Providers

Whether you are a medic in the field or a physician, DAN Education has programs to help you gain a better understanding of dive medicine and how to respond to a dive emergency within your scope of practice.

DAN Instructors

DAN Instructors are a vital part of the DAN Mission, educating the diving public through DAN courses. Learn how to become a DAN Instructor or find the tools you need to teach.

SHARKLIFE

AQUAVENTURES TRAINS INSTRUCTORS IN ALL SHARKLIFE SPECIALTY COURSES.

OVERVIEW

As a non-profit marine conservation organisation Sharklife strives to increase the level of protection and compassion for sharks.

Sharklife Training Aims:

Increase basic public knowledge and understanding of the shark species

Address radical misconceptions people have of sharks

Develop a sense of compassion and desire to conserve sharks

Choose from 8 shark courses which are designed to introduce divers to a range of shark species and help the student diver develop an understanding of the species biology and behaviour. The courses also discuss techniques for diving with different shark species and their conservation status.

Course Topics: (each course focuses on a specific species)

Taxonomy and Classification

Distribution and habitats

Species biology

Species behaviour

Threats facing species

Diving with species

PRICING

R900 for each Sharklife specialty, including student and instructor registration with Sharklife and student and instructor materials, you could also do 5 specialties. Remember then that you benefit from the Padi Course director pricing.

You will be qualified as a Sharklife Tiger or Great White Padi Instructor and can certify students as a Padi Tiger Sharklife specialty.

REBREATHER

AQUAVENTURES OFFERS THE POSEIDON REBREATHER COURSES ALL THE WAY TO INSTRUCTOR LEVEL.

REBREATHER BENEFITS

Compared to Open Circuit, Rebreathers have 2 big advantages:

Triple actual dive time (3 hours typical dive time)

Far less disturbing to marine life (Silent operation makes you part of the environment, not just a visitor)

Poseidon's recreational unit has 3 big additional advantages:

Safer and easier to use

Lighter and smaller

No decompression stops

COURSES

Swim Instructor Program

The PADI Swim Instructor program is a joint venture with PADI International and one of the world's largest swim and lifeguard training agencies, Starfish Aquatics Institute (SAI).

SAI (Starfish aquatics.org) One of the world's largest swim training agencies. SAI uses an integrated, experiential approach to learning, with Performance based, benchmarked structures.

PADI, is the world leader in scuba and underwater training with both ISO, and CEN approved standards. PADI is a world leader in training programs.

Both SAI and Padi (padi.com) have very stringent Quality assurance programs.

The training is unparalleled, and there is no other training that comes even close in South Africa.

We are able to hold one more summer instructor training course:
We have a sponsor for this program: With so much interest in the Swim School, but some of you voicing the cost as a factor, I have managed to get a co sponsor for the first programs providing a much better rate.

The Instructor training is available to everybody over 16 yrs of age.

LOOKING FORWARD TO CREATING YOUR WORLD OF SWIM TRAINING.

Training and Certification Overview

The PADI/SAI swim instructor training course covers all levels of training:

YOU WILL BE RATED TO TRAIN ALL LEVELS.

Starbabies <i>6-18 months</i>	Preschoolers/youth/teens and adults
StarTots <i>18-36 months</i>	Weight loss and endurance
PADI Swim School <i>ages 3+</i>	PADI Stroke school

Each program is broken into 5 colour levels. Each level contains both swim and safety skills that work toward the achievement of a swim and safety benchmark. The system allows instructors to easily grade the client until they master the benchmarks. Once the benchmarks are met, the client then moves to the next level. It is a performance based system, allowing flexibility to the client and the trainer.

You could attend one or all the courses in a PADI Swim Instructor Development Course (IDC).

Although you are not required to have all the materials, I feel that it is important to train with all the materials, so that you can identify and affiliate with the individual courses and levels. You also will need the materials once you start instructing.

The standards and structure of the course are discussed in detail on the course. On completion of your program, you stay in contact with your Program Director.

Once you have completed the PADI Swim Instructor course, you are registered with SAI as a PADI Swim Instructor.

You will then need to train, and stay in date in accordance with their quality assurance through your instructor trainer (program director). We will assist you in acquiring the in water hours that you need to be comfortable to train.

We will also work through the PADI Swim School Standards and Guidelines for Quality Management. It is highly beneficial to you as an instructor to be aware of the course structure and standards.

Once you are a Qualified Padi Swim Instructor and you want to start training, there is a full list of materials that you can purchase from SAI.

The full instructor pack includes.

- 1 StarBabies Personal Record (PR) Book
- 1 PADI Swim School PR Book
- 5 StarBabies Star Patches (one of each color)
- 5 Swim School Patches (one of each color)
- 1 Multi-Star Program Patch
